

**Short bio:** Tsan-Ming Choi, PhD, is currently Professor of Fashion Business at The Hong Kong Polytechnic University (PolyU). Over the past decade, he has actively participated in a variety of research projects on logistics and supply chain management and applied optimization for fashion business operations. He has authored/edited 16 research handbooks and published extensively in well-established Web of Science listed citation journals. He is now serving as the Co-Editor-in-Chief of Transportation Research Part E, a department editor of IEEE Transactions on Engineering Management, a senior editor of Production and Operations Management, and an associate editor of Decision Sciences. He received the President's Award of Outstanding Performance of PolyU in 2008, and the Best Associate Editor Award of IEEE Systems, Man, and Cybernetics Society in two consecutive years (2013 and 2014).
